Your opinion matters

How have things changed since the last national student survey?

We need more computers

We're installing 100 extra in the LRCs

We want to graduate as soon as possible after exams

Graduation is now a week earlier

We want services and admin under one roof

The new student zones give you this - and more

Teaching needs to improve in some areas

This is our priority too

We did all this because you asked us to.

Want to see more improvements?

Final year students - let us know what you think
