

Resources for Health and Social Care

Contact details for further help are at the end of this guide.

The resources in this guide will help you learn more about your subject. The best place to start your search is **Discover**, which provides you with easy access to thousands of books, eBooks, journal articles and much more. You can access Discover and other key resources via the **Electronic Library** at: www.ljmu.ac.uk/library/e-library

Remember, your modules also have reading lists in Canvas with links to recommended books, eBooks, journal articles and other subject resources.

Books and eBooks

There is an extensive collection of books and eBooks on all aspects of Health and Social Care. You can browse what is available in your subject area or look for specific titles by searching **Discover**.

- Go to **Discover**, if prompted, **Sign in** with your **LJMU username@ljmu.ac.uk** and **password**
- Type a book title or keywords and select the search icon
- From the results screen, you can filter your results by selecting **Books**
- Select a book title to see more details and availability
- eBooks will have links to view online
- Print books will show number of copies and location

Print books have a class number and are organised numerically by that number on the shelves. Common class numbers are shown below:

Elderly Care	618.87
Epidemiology	614.4
Health promotion	613.07
Interpersonal Skills	610.730699
Interprofessional Working	610.696
Law relating to Community Care	344.0318; 344.032
Long-term Conditions	362.16
Medical ethics	174.2
National Health Service	362.1

Palliative Care	362.175083, 616.029
Public Health	362.1; 614
Social Care	361.30168

Journals

Journals are published on a regular basis and contain up-to-date information. Journals contain articles focussing on specific topics written by subject specialists.

To find individual journal titles on your subject area:

- Go to **Discover**, if prompted, **Sign in** with your **LJMU username@ljmu.ac.uk** and **password**
- Select the **Journals** option
- Type a journal title you wish to access and select the search icon
- Select a journal title to see more details and availability
- eJournals will have links to view online
- Print journals will show number of issues and location

Databases

You can search for journal articles using **Discover** or via individual databases. There are different types of databases. For example:

- **Full-text databases** provide access to full-text information such as journal articles, reports, book chapters, newspaper articles ...
- **Abstracting and Indexing Databases** are searchable indexes, you can view the abstract or summary for each resource. If full-text is available follow the link, if not you can request an **Inter-library loan** at: <https://www.ljmu.ac.uk/microsites/library/resources/access-to-other-libraries/inter-library-loan-service>

To access a database:

- Go to **Discover**, if prompted, **Sign in** with your **LJMU username@ljmu.ac.uk** and **password**
- Select the **Databases** option
- Select **Health and Social Care** to see suggested databases or type the name of the database in the search box and select the **search icon**
- Select the database title to see more details and note any log-in requirements
- Select the database link

Academic Full-text Databases

The databases below are listed in alphabetical order.

BMJ Journals

This collection offers full text access to over 70 medical and allied science journals, covering specialist clinical areas, nutrition, healthcare, public health and evidence-based medicine.

[CINAHL Plus with Full Text](#)

A leading database, which provides access to the cumulative index to nursing and allied health literature. The index contains over 7.6 million records (from 1937+) from high-quality nursing journals and publications, health care books, conference proceedings, standards of practice, and more. Coverage includes nursing, biomedical science, health sciences, complementary and alternative medicine, evidence-based medicine and allied health disciplines.

[Community Care Inform \(Adult\)](#)

Provides access to reliable and up to date practice related information to help health and social care professionals working with disabled and older people make and evidence their decisions and assessments. Content is compiled by sector experts (academics and practitioners) and includes guides, key documents, case law, legislation and research.

[Community Care Inform \(Child\)](#)

Provides access to reliable and up to date practice related information to help health and social care professionals working with children and families to make and evidence their decisions and assessments. Content is compiled by sector experts (academics and practitioners) and includes guides, key documents, case law, legislation and research.

[ProQuest Central](#)

Provides access to databases across all major subject areas and includes thousands of full-text scholarly journals, trade and professional titles, newspapers, magazines, dissertations, working papers, case studies, and market reports.

[Sage Journals](#)

A multidisciplinary database providing access to quality, peer-reviewed journals published by Sage.

[Science Direct](#)

The world's leading source for scientific, technical, and medical research. It is a multidisciplinary database, which provides full-text access to more than 16 million references from over 2,500 high-quality journals and over 39,000 books and major reference works. Digital archive dates back to 1823.

[Social Care Online](#)

The UK's largest database of social care information provided by the Social Care Institute for Excellence (SCIE). Content is updated daily and includes research briefings, reports, government documents, practice and guidance, systematic reviews, journal articles and websites.

Taylor & Francis Online

A multidisciplinary database providing full-text access to quality, peer-reviewed journals published by Taylor & Francis, Routledge and Psychology Press.

Wiley Online Library

A multidisciplinary database providing access to over 4 million articles from 1,600 journals, online book chapters and eBooks published by Wiley.

Academic Abstracting and Indexing Databases

The databases below are listed in alphabetical order.

PsycInfo

An abstracting and indexing database from the American Psychological Association that provides access to journal articles, books, book chapters and dissertations in core psychology disciplines, behavioural sciences and mental health. Coverage is from the 1800s to the present and content is updated weekly.

Scopus

Multidisciplinary abstract and citation database of peer-reviewed literature: journals, books and conference proceedings, many with links to full text

Web of Science

A powerful research platform and global citation index including over 161 million records for books, peer-reviewed scholarly journals, and conference proceedings across 254 disciplines. It includes access to the Arts and Humanities Citation Index (1975 to the present), Science Citation Index Expanded (1970 to the present), Social Sciences Citation Index Expanded (1970 to the present). It also contains citation data e.g. journal impact factors and h-index to help you identify quality research.

You can check if LJMU has access to full-text by clicking on the **Full Text** icon within the database, this will check our other collections and direct you to any available full-text.

Statistics databases offer statistical evidence and reports including social and economic data. The databases below are listed in alphabetical order / preference order.

Statista

Provides access to statistics, studies and reports on countries, industries and consumer markets. It has global coverage

UK Data Service

The UK's largest collection of social, economic and population data resource, including UK census data and government funded surveys as well as qualitative and business data

Recordings of TV and Radio Programmes

BoB (Box of Broadcasts)

Provides access to an archive of over one million TV and radio programmes from 2007 onwards, including all the main free-to-air TV channels. You can link, make short clips and playlists of content. Provides streaming access to over 25,000 films, documentaries and educational videos. New content added every month.

Websites

The content of websites is unregulated. Therefore, it is important that you check the quality and accuracy of information on the internet to ensure that it is reliable, accurate and of an academic standard. There are selected websites or search engines that you can use to help find appropriate information online, for example Google Scholar. If you find details for a relevant resource on the internet, you can check if LJMU has full-text access.
