EQUALITY, DIVERSITY AND INCLUSION PRIORITIES AND AN ACTION PLAN FOR 2020-2024

Liverpool John Moores University

Equality, Diversity and Inclusion Priorities and an Action Plan for 2020-2024

1. Introduction

According to the Public Sector Equality Duty, public authorities must

- prepare and publish one or more objectives to promote and improve their EDI work and increase their ability to meet the Equality Duty
- ensure that those objectives are specific and measurable
- publish those objectives in such a manner that they are accessible to the public
- review and refresh the objectives every 4 years.

Linked to the EDI agenda is the University's Access and Participation Plan (APP) which aims to increase opportunities and outcomes for students from under-represented and disadvantaged groups. The APP 2020-2024 has been submitted to the Office for Students and is being implemented by the Academic Registry and the Teaching and Learning Academy which reports progress against the APP targets to the EDI committee.

The EDI objectives discussed in this review document concern staff.

2. Looking Forward – setting EDI Priorities for 2020-24

The legislative requirement is that LJMU must reviewing the University EDI Priorities set for 2016-2020 and formulate new ones for the next 4 years identifying actions to help achieve the objectives. Set below the Priorities and action plan for 2020 – 2024.

An agreed set of SMART EDI Priorities for the period 2020-24

- A rationale for each agreed objective
- Clear delegation and accountability for each objective
- Measureable outcomes for each objective including, where possible, numeric targets

• A list of specific actions that will assist in achieving the objective. (Actions can be revised and updated over the life of the plan.)

As equality monitoring is essential to EDI work for measuring progress, spotting trends, identifying gaps and setting priorities, we will continue to analyse EDI data in relation to the objectives set to promote inclusivity.

Equality, Diversity and Inclusion Priorities and Action Plan 2020 – 2024

The overall responsibility for the delivery of these priorities and action plan rests with University Executive Leadership Team, the Board of Governors and the Equality & Diversity Committee

This Action Plan will be reviewed at every meeting of the Equality & Diversity Committee together with the University Strategic Framework.

Reports on progress will be published every year in compliance with UK Equality legislative requirement.

Reports on progress will be published every year in compliance with UK Equality legislative requirement.					
No.	Objective	Rationale	Leadership and accountability	Suggested actions	Measureable outcomes
E01	To increase the ethnic diversity of staff and support their career	An ethnically diverse staff body will greatly assist the university to achieve	Executive Director of HR EDI Committee	 Champion the need for a diverse workforce at the most senior levels Work with the Race Equality Charter 	12% of staff will be BAME by July 2024
	progression 10% LJMU Staff are BAME	its strategic aims. It will also assist the university to attract and inspire students from different	HR Recruitment Team The REC Working Group	Working Group to drive this agenda 3. Draw up a 4 year project plan to drive activity, including community partnerships through work placements,	There will be no noticeable difference in the proportionate success rates of white
		cultures, countries and backgrounds, adding diverse richness to the student and staff population and	EDI Team	 and in-community recruitment events, apprenticeships, targeted advertising campaigns, etc. 4. Ensure that a positive action approach is taken where interventions are 	and BAME applicants for staff vacancies by July 2023? • An increased % of staff
		promoting fair access.		specifically focused on BAME staff, BAME applicants and BAME communities 5. Promote diversity by varying (rather than standardising) person specs 6. Use positive action statements and Textio software to attract BAME applicants 7. Ask recruitment agencies and head	will have attended both UB and Intercultural competence training by The University will have been awarded a REC Bronze award by 2022?
				hunters to assist in producing ethnically diverse shortlists	10 BAME mentees will have participated in the reverse mentoring programme by 2022

	 8. Use staff's own networks to approach suitable BAME candidates and invite them to apply for vacancies 9. Monitor recruitment campaigns closely to identify and highlight any bias against BAME staff 10. Continue cultural awareness and UB training, especially for those involved in recruitment. Revisit, review and refresh this training if necessary 11. Ensure that all recruitment panels are reminded of key UB messages at the start of their meetings 12. Consult BAME staff about their experiences of working at LJMU and to seek their suggestions about increasing diversity 13. Collect leavers data by protected characteristics 14. Interview all BAME leavers and submit reports on reasons for leaving for positive purpose if required, i.e aspects of organisational culture that are encouraging BAME staff to leave (see EO7) 15. Consult staff and students about incidents of racial harassment on campus, and how to address these (see EO7) 16. Ensure that the university has a transparent, robust and impartial mechanism for the reporting and investigation of complaints of racial discrimination and harassment (see EO5) 17. Continue and expand the reverse mentoring programme connecting senior staff with BAME 'mentors' to help

3. Conclusions and learning from 2016-2020: Some suggestions

- EDI monitoring relies on reliable and effective data. Work to increase the disclosure of protected characteristics across the institution will be continual. Specific measures to be put in place to reduce the 'unknowns' will be considered as part of 2020-2024 Objectives.
- To increase the proportion of women at professorship and readership level and fully engage with Athena SWAN and the Race Equality Charter as a catalyst for change.
- The EDI committee and the Employment Committee of the Board of Governors to continue assess the extent to which EDI objectives have been achieved.
