2021 - 2022

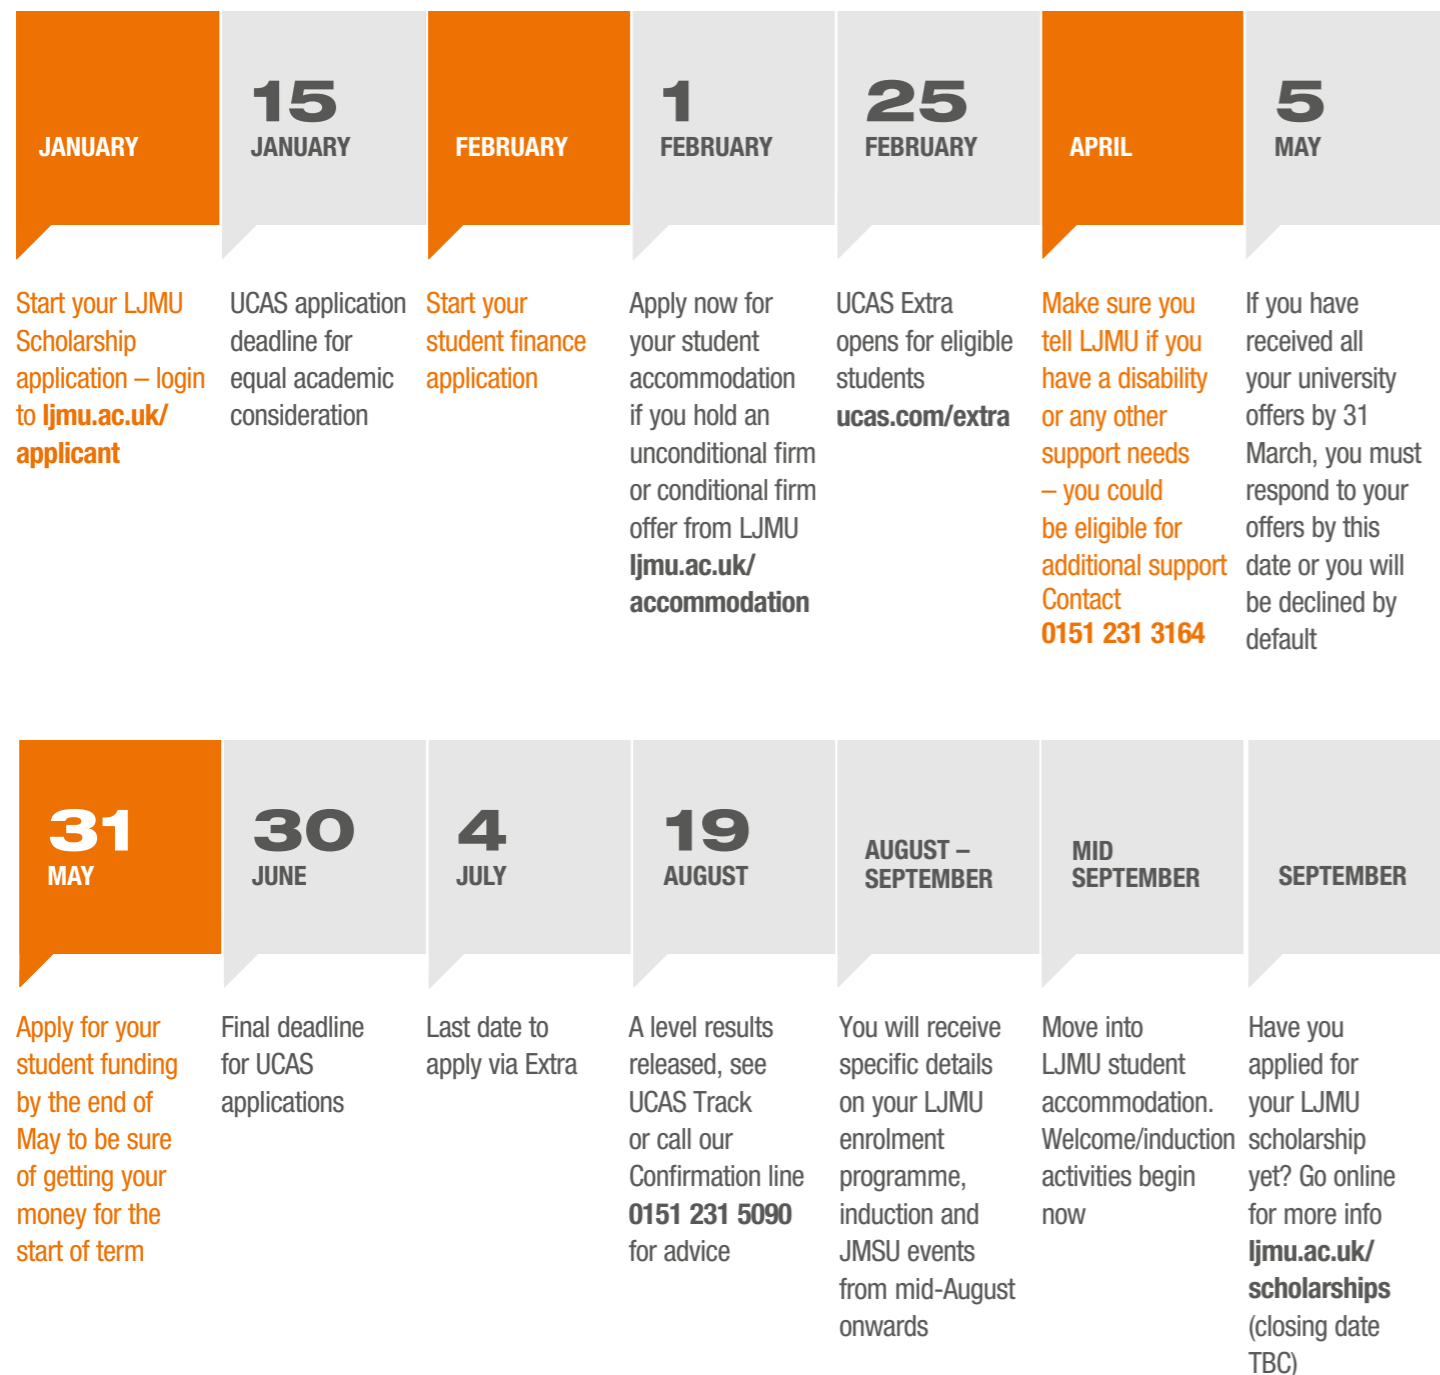

JUNE 2020

# YOUR STUDENT TIMELINE

## 2021

[ljmu.ac.uk/applicant](https://ljmu.ac.uk/applicant)

**We want you to start your university experience with LJMU as you mean to go on: equipped with all the information you need and fully supported. That's why our dedicated team of friendly, expert advisers have put together some essential guidance relating to student funding.**

**We have tried to cover the key facts and figures but if you have any questions, please just ask.**

The figures in this booklet currently relate to 2020/21 entry as the figures for 2021/22 are not yet available.

The amount of funding you will receive for your living costs varies depending on where in the UK you normally live, your household income and if you are going to be living at home or elsewhere while studying.

Please use these pages as a guide but more information is available on the various funding websites. Alternatively you can contact us for more information.

If you take out a student loan, your repayments will begin after you have left LJMU and start earning more than £19,390.

See [studentfinance.co.uk](https://www.studentfinance.co.uk) for more information.

## EU Applicants

There have not yet been any decisions in relation to fee status or student support for EU students who plan to start a course in the 2021/22 academic year.

Please keep checking [www.gov.uk/studentfinance](https://www.gov.uk/studentfinance)

## English Applicants

If your permanent home is in England and you want to study at LJMU you will be eligible to apply for:-

Tuition fee loan which will cover the full cost of your tuition fees

Maintenance loan of up to £9,203.

If you take out a loan your repayments will begin the April after graduation but only once you are earning over £26,575.

For more information see [www.gov.uk/studentfinance](https://www.gov.uk/studentfinance)

# TUITION FEES AND LOANS

## You will be charged a tuition fee for each year of your course

Tuition fee rates for 2021/22 have not yet been confirmed by the government. In 2020/21 the University charged a tuition fee of £9,250 per year. This fee is subject to an annual inflationary increase.

There is no need to pay your tuition fees up front as eligible students can apply for a tuition fee loan for each year of their course. This loan is not means tested which means your household income will not affect your eligibility.

Your tuition fee loan will cover all of your tuition fee costs and will be paid direct to LJMU. See page 10 for information on loan repayments.

# STUDENT LOANS FOR LIVING COSTS (MAINTENANCE LOAN)

**In addition to a tuition fee loan, you can also apply for a loan for your living costs. The amount you will be eligible to receive depends on a number of factors such as your household income and if you are living in your parental home or elsewhere.**

The following loan rates are for 2020/21 for students from England:-

- £7,747 if you are living in your parental home
- £9,203 if you are living elsewhere

Unlike the tuition fee loan which is paid direct to LJMU, maintenance loans are paid into your bank account. They are paid in three instalments and it's up to you how it is spent – and also how you budget!

**YOU WILL PAY FOR YOUR ACCOMMODATION ON DATES THAT COINCIDE WITH YOUR STUDENT MAINTENANCE PAYMENTS, MAKING IT EASIER FOR YOU TO PLAN YOUR BUDGET**

# STUDENTS AND BENEFITS

**The majority of full-time students are not eligible for benefits while they are studying.**

Exceptions to this are:-

- lone parents with a dependent child/children. The age of your children can affect which benefits you are eligible for
- students with disabilities or ongoing health conditions
- students who are pensioners
- student couples with at least one dependent child
- students who have suspended their studies due to ill health or caring responsibilities

If you need advice about which benefits to claim or what counts as income for benefit purposes then please contact us.

## HOW HOUSEHOLD INCOME AFFECTS STUDENT FUNDING

Some student funding is only allocated following an assessment of your household income (see table below). This process is called income assessment (or means testing) and if you are under 25 this is normally based on the income of your parents.

- If your parents are divorced/separated, the income of the parent you live with most of the time will be used
- If your parent cohabits or has remarried, the joint income will be assessed
- If you meet one of the following criteria you will be treated as independent from your parents and their income:
  - You are 25 or over on the 1st Sept 2021
  - Are married or in a civil relationship (but they will look at the income of your partner)
  - Have a dependant child
  - Have supported yourself financially for 3 years on 1st September 2021
  - If you have been in local authority care for 3 months before your 16th birthday (see page 13)
  - If you are estranged from your family (see page 13)

# APPLYING FOR YOUR STUDENT FUNDING

Apply online [gov.uk/studentfinance](https://www.gov.uk/studentfinance) from February 2021 if you are starting a course in September 2021.

## PAYING BACK YOUR STUDENT LOANS

Any loans you take out to cover your tuition fees or living costs will be added together into a single loan account. This means that when you start paying back your student loans, you will only make one affordable monthly payment.

Your repayment amount is always the same, as it is based on a percentage of your salary not how much you have borrowed.

If your income is over £26,575\* your employer will start taking repayments from your salary just like tax and national insurance, and after 30 years any money still owed is written off.

The table opposite will give you an idea of what your repayments might look like once you have left university and you're earning over £26,575\*:

- **If your income falls below £26,575\* (e.g. if you go travelling) your loan repayments will automatically stop**
- **After 30 years anything you owe on your student loans is written off**

Annual salary	Monthly repayment @ £26,575 threshold
£25,000	£0
£26,000	£0
£30,000	£25.68
£35,000	£63.18
£40,000	£100.68
£50,000	£175.68
£60,000	£250.68

\* £26,575 repayment threshold applies to students that normally live in England or Wales.

## HAVE YOU STUDIED BEFORE?

Student funding is generally available for the length of your course, plus an additional year (if required). Additional funding may be available for students that have had to leave a course due to health problems or for other personal reasons.

It is really important that you seek advice if you have studied previously. We can clarify exactly how your prior study will impact on your future entitlement and advise you what steps to take to maximise any funding available.

Speak to us in confidence:

## LJMU BURSARY

LJMU bursaries are automatically paid to eligible students every year of your course – you do not need to apply. The annual LJMU bursary is currently £500.

LJMU bursaries are additional, free money that you don't have to pay back. How you spend it is up to you.

To qualify you must meet the residence requirements for student funding (grants and loans) and have a household income of £25,000/year or less. You must also be paying the annual maximum University tuition fee which is £9,250 for 2020/21 year.

## STUDENT SUPPORT FUND

Sometimes despite your best efforts you can find yourself in financial difficulty. This could be due to a delay in funding or unforeseen circumstances. LJMU's Student Support Fund is available to students who find themselves in such a position.

[ljmu.ac.uk/discover/fees-and-finance](https://www.ljmu.ac.uk/discover/fees-and-finance)

# DISABLED STUDENT ALLOWANCE (DSA)

If you declare a disability or medical condition to LJMU, you can access specialist support and guidance to assist you during your studies. This can be anything from exam and study support to mobility and library support.

The Disabled Student Allowance (DSA) is designed to help meet the extra course costs students can face as a direct result of a disability, ongoing health condition, mental health condition or Specific Learning Difficulty. DSA is paid on top of the standard student finance package and does not have to be paid back.

You should apply for DSA when you apply for your student funding - please don't wait. Don't worry if you're not 100% certain which course you will be studying, as just like your application for student finance it is possible to update your DSA application at a later date.

**The Disability Advice Team at LJMU can help with all aspects of applying for DSA so please feel free to contact us at any point during the application process for help or advice.**

# STUDENTS WITH DEPENDANTS

If you have either an adult who is financially dependent on you or dependant children, you can apply for additional funding including a grant for childcare.

In addition, if you have an underlying eligibility for benefits (such as a lone parent) you can receive a higher rate of maintenance loan for living costs.

A **Childcare Grant** will cover up to 85% of approved or accredited childcare in both term time and holidays.

The **Adult Dependants' Grant** is for students with a dependant partner and **Parents Learning Allowance** is a grant for those with children.

All grants are means tested on your household income. For more information please contact us.

# SUPPORT FOR CARE LEAVERS AND STUDENTS ESTRANGED FROM THEIR FAMILIES

# YOUNG ADULT CARERS

In 1957 John Lennon joined LJMU's School of Art and Design, and it was to provide the springboard for so many influential aspects of his life: it was where he met Stuart Sutcliffe and Paul McCartney.

In recognition of the influence the University played in his life, and thanks to the generous support of Yoko Ono, LJMU has set up the John Lennon Imagine Awards to help students who have either been in local authority care or who are estranged from their parents.

**Eligible students receive a cash bursary of £1,000 per year of their course, in addition to funding awarded by social services.**

We also have a dedicated member of staff here to support you and offer advice on everything from university life, budgeting to student accommodation – and anything in between.

LJMU is committed to supporting young adult carers and currently works in partnership with Barnardos Young Adult Carers Service in Liverpool. Our dedicated member of staff for young adult carers can provide you with further information and advise you on what support is available.

# SCHOLARSHIPS

We believe everyone is good at something, and want to reward your success.

LJMU scholarships are worth an extra **£1,000** or **£10,000** in additional funding and they are awarded for every year of your degree. How would you spend yours?

Whether it's a new laptop, help with accommodation costs or learning how to drive – how you spend your scholarship money is up to you.

We don't just award our scholarships to straight A students either (though academic ability is important); we are also interested in awarding scholarships to students who can show us that they are hardworking, passionate about something and a success at what they do. So what are you waiting for?

**Closing date**  
**September 2021 (date TBC)**

## VICE-CHANCELLOR'S SCHOLARSHIP

A highly prestigious award for outstanding students; a maximum of 5 awards of £10,000 per year for the duration of your course.

## COMMUNITY EXCELLENCE SCHOLARSHIP

For excellence in areas such as volunteering, sports, the arts or citizenship; a maximum of 100 awards of £1,000 per year for the duration of your course.

## ACADEMIC EXCELLENCE SCHOLARSHIP

Rewards academic excellence (at least 3 A grades at A2 or equivalent – 144 UCAS points) 100 awards available, £1,000 per year for the duration of your course.

## SIR BERT MASSIE SCHOLARSHIP

Recognising Sir Bert Massey, national disability rights champion and former student of LJMU. We are looking to award an outstanding disabled student who has campaigned or championed inclusion in some way. £10,000 per year for duration of your course.

**Renewal of scholarships is subject to satisfactory progress.**

“ I was able to buy a new (much needed) laptop for the start of my course. It has put me at ease with my budget as I know I have money to fall back on if needed. However, I am primarily trying to save it to go and travel on various voluntary projects during my summers off which has really encouraged me to explore opportunities. ”

**Ben Goddard** - Awarded the Michael Brown Scholarship for his commitment to voluntary work in the community

“ I definitely made the right choice to study at LJMU, I can't see myself studying or living anywhere other than Liverpool. It truly has become a home away from home. ”

**Rebecca Lennon**

**Rebecca** was awarded the prestigious **Vice-Chancellor's Scholarship** for her outstanding academic achievements and commitment to sport. She currently represents Great Britain in archery, with significant success, and makes time to coach the future generation of young archers.

# WORKING OUT YOUR BUDGET

For many students, going to University will mean this is the first time you have been responsible for making your own decisions and paying for things yourself. While this is exciting, it is important that you don't get carried away and that you make sure you actually know how much money you have from the start.

We are not going to tell you what to spend your money on; that is for you to decide. We do want to give you some advice about what you will need to pay for at University, point out some of the common pitfalls to avoid and give you some handy tips for survival.

Strangely enough, many students run out of money as they never actually work out how much money they have. By completing a budget sheet (we have done one here or you can find your own online) you will at least have an idea of how much money you have and can start to feel in control.

**Student finance is paid in three (huge) instalments**, and the good news is if you are in halls you pay your rent in three instalments too, so it is probably easier to work out your budget three times per year (each term) in line with this.

## WE ASKED SOME OF OUR STUDENTS FOR SOME OF THEIR MONEY SAVING TIPS:

Once you have paid your rent for the term, and worked out how much you have to live off **per week**, draw out that much cash (or move it to another bank account) and work on the basis that this is your money for the week. **Working out your money weekly is so much easier than termly.**

Bring a **packed lunch** to uni a couple of days a week and save **£500** over the term – enough for a holiday!

Book travel home well in advance to get the best deals – **last minute travel is always more expensive.**

Plan your meals for the week and check what food you actually need; **shopping every day and impulse buys cost a lot more money.**

Money off vouchers only save you money **if you need the thing in the first place** (and obviously, if you can afford it!)

The information in this publication is correct at the time of going to press (June 2020). However, along with organisations up and down the country, we are adapting to significant challenges presented by the coronavirus crisis. As a result, we are planning to take an active blended approach to our academic delivery, with a mixture of online and face-to-face teaching to adapt to the restrictions of social distancing whilst these are in place. These restrictions or changes to them may result in parts of an academic programme such as field trips, projects, placements, teaching and assessments being delivered in a different way (such as teaching and assessments) or not being provided (for example field trips, placements).

In addition, some changes will inevitably occur in the interval between publication and the academic year to which the publication relates and the university reserves the right to withdraw or make alterations to the course, modules and facilities if necessary. Applicants should therefore not rely solely on this publication and should use it in conjunction with information provided on our website: [www.ljmu.ac.uk](http://www.ljmu.ac.uk)
